

Dhaneshperumal R

Full Stack Developer

+919042062072 ◇ dhaneshperumal@gmail.com ◇ Chennai, Tamil Nadu, India ◇ [LinkedIn](#) ◇ [Portfolio](#) ◇ [GitHub](#)

SUMMARY

Passionate Java Full Stack Developer skilled in Spring Boot, RESTful APIs, and frontend frameworks like React.js. Proficient in microservices architecture, database management (MySQL, PostgreSQL), and cloud technologies. Strong expertise in CI/CD pipelines, Agile development, and performance optimization. Passionate about delivering scalable, secure, and user-centric solutions.

SKILLS

Web Technologies : HTML, CSS, JavaScript, XML, JSON

Frameworks : Bootstrap, TailWind CSS, React Js, Spring Boot

Programming Languages : Java, Core Java, Python (Basic Fundamentals), Data Structures

Database Management : MySQL, PostgreSQL

Version Control : Git & GitHub

Soft Skills : Problem Solving, Critical Thinking, Project Management, Time Management, Communication Skills

EXPERIENCE

Full Stack Developer Internship

Jul '24 — Present

LOGIN 360

Chennai, India

- Mastered **frontend technologies** including **HTML5, CSS3, Bootstrap, JavaScript, and React.js** by delivering **real-time projects** with a focus on **responsive** and **user-friendly interfaces**. Enhanced backend skills in **Java, Spring Boot, and MySQL** to build and integrate **RESTful APIs** for efficient, secure communication between frontend and backend.
- Demonstrated strong problem-solving skills by troubleshooting **complex issues** in **real-time projects** and collaborating in **Agile** environments. Contributed to developing **cloud-based solutions** with a focus on **performance optimization, code maintainability, and scalable architecture**.

Research Study Assistant

Feb '23 — Jul '23

Southern Taiwan University of Science and Technology

Taiwan

- Spearheaded the development of **comprehensive project plans**, effectively monitoring progress to ensure **timely delivery**. **Engineered and optimized test protocols** for product development, significantly enhancing testing efficiency and reliability.
- Authored detailed project reports**, synthesizing data to deliver **actionable insights** and **strategic recommendations** for future project improvements.

PROJECTS

Code Review Automation with Role-Based Feedback (On Progress)

- Developed a **role-based access control (RBAC)** system with **React.js** and **Node.js** for frontend and backend, integrated with **PostgreSQL** for efficient user authentication and **content management**. Enhanced security with **JWT authentication** and **Spring Security**, implementing **secure logins** and improving system security by 25%.
- Automated **code quality checks** using **GitLab APIs** with tools like **SonarQube, Checkstyle, and PMD** to enforce **coding standards** and **best practices**. Applied **CI/CD** pipelines for seamless deployments and version control using **Git**.
- Leveraged **Spring Boot** and **Maven** for dependency management, following **Agile methodologies** to deliver a scalable application. Provided customized feedback for **Admin, Senior Developer, and Junior Developer** roles based on role-based privileges.

RestoBar Tainan – Restaurant Website [Link](#)

- Responsive and Accessible Design Built a mobile-friendly, **SEO-optimized** layout using **HTML5, CSS3, and Bootstrap** to ensure **cross-browser compatibility** and a consistent, **user-centered design**. Implemented **Web Accessibility** principles for an inclusive experience across all devices.
- Interactive User Experience on Enhanced **user engagement** by integrating **JavaScript** for **dynamic content** and **client-side interactivity**, improving usability and contributing to a streamlined, high-performance frontend.

Experimental Analysis of Hydrogen-Rich LPG Engine, STUST

Feb '23 — Jul '23

Taiwan, Province of China

- Led the **entire project lifecycle** from **literature review** to execution, applying **SolidWorks** and **AutoCAD** for **3D modeling**. Cultivated **problem-solving** and **analytical skills** through testing and design validation. Leveraged **innovative thinking** for troubleshooting, high-quality results while collaborating with **cross-functional teams**.

EDUCATION

Bachelor's Degree in Automobile Engineering, Veltech Rangarajan Dr. Sangunthala RD Institute of Science and Technology, Chennai (GPA: 8.1)

Jan '19 — Dec '23

Chennai, India
